From the Fire Department

Important Information

Home fires occur more in winter than in any other season. As you stay cozy and warm this winter, be fire smart!

 <p>Half of all home heating fires occur in December, January and February.</p>	 <p>1 in every 7 home fires and 1 in every 5 home fire deaths involves heating equipment.</p>	 <p>Keep anything that can burn at least 3 feet from any heat source like fireplaces, wood stoves, radiators or space heaters.</p>
 <p>Keep portable generators outside, away from windows, and as far away from your home as possible.</p>	 <p>Install and test carbon monoxide alarms at least once a month.</p>	 <p>Plug only 1 heat-producing appliance (like a space heater) into an electrical outlet at a time.</p>
 <p>Have a qualified professional clean and inspect your chimney and vents every year.</p>	 <p>Store cooled ashes in a tightly covered metal container, and keep it outside at least 10 feet from your home and any nearby buildings.</p>	

See Click Fix

The City partners with SeeClickFix to provide faster and more convenient options for our citizens to submit service requests. There are now two easy and fast options to submit a service request: online on our homepage and in the mobile app.

Floodplain Information

Lake County's floodplain management regulations are based on flood hazard data that is provided to the county by FEMA. Be sure to review your floodplain zoning at the start and end of each storm season. To view floodplain maps, and learn more about regulations and identification, visit eustis.org/my-neighborhood.

Going Green with the City of Eustis Gives You Back Some GR\$\$N

Utility customers who sign up for BOTH E-Billing and Automatic Payment via ACH are now eligible for a one-time credit of \$25 on their utility bills.
