---	--	---------------------

It is agreed that in all respects the work will be performed & completed in accordance with the permitted and applicable codes of the local jurisdiction. This permit may be revoked at any time upon violation of any of the provisions of said laws, ordinances, or rules & regulations, or upon any unauthorized change in the original approved plans. **This permit becomes invalid if an inspection for permanent construction is not requested within 180 days or more than 6 months has elapsed between inspections.**

WARNING TO OWNER: YOUR FAILURE TO RECORD A NOTICE OF COMMENCEMENT MAY RESULT IN YOUR PAYING TWICE FOR IMPROVEMENTS TO YOUR PROPERTY. A NOTICE OF COMMENCEMENT MUST BE RECORDED AND POSTED ON THE JOB SITE BEFORE THE FIRST INSPECTION. IF YOU INTEND TO OBTAIN FINANCING, CONSULT WITH YOUR LENDER OR AN ATTORNEY BEFORE COMMENCING WORK OR RECORDING YOUR NOTICE OF COMMENCEMENT.

NOTICE: In addition to the requirements of this permit, there may be additional restrictions applicable to this property that may be found in the public records of this county, and there may be additional permits required from other government entities, such as water management districts, state agencies, or federal agencies.

I DO HEREBY SWEAR THAT THE INFORMATION CONTAINED HEREIN AND THE ATTACHMENTS HERETO ARE TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE.

City of Eustis Sign Permit Submittal Guide

This is only a guide and may not be all-inclusive for your particular project.

Sign Permits Required

Sign permits are required for all permanent signs (including signs painted on walls, foam or vinyl lettering, face changes, etc.). A licensed contractor is required for sign permits and installation, unless the is listed as an exception under Item 1 below.

Required Forms

Completed Sign Permit Application
Property Record Card

Possible Additional Forms

Recorded Notice of Commencement (over \$2,500 value)
Power of Attorney Form (if not the license holder)
Owner / Builder Statement
Proof of Workers Compensation Insurance & General Liability Insurance

Plans (2 Copies Required) (See Sample Drawings)

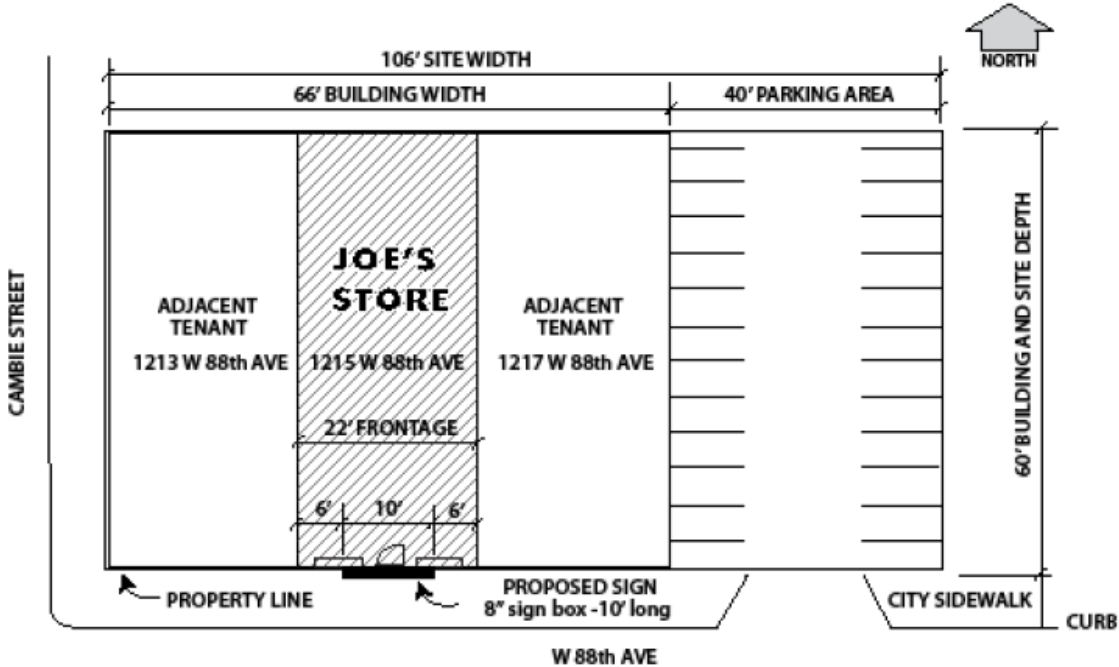

1. **ALL SIGNS:** Plans must be signed and sealed by a Florida Design Professional, unless the sign to be permitted meets the one of the following exceptions, as determined by the Building Official.
 - Building mounted signs less than or equal to 32 square feet with less than 1-1/2-inch projection;
 - Signs comprised of foam or vinyl letters, or signs painted on walls or awnings (provided awnings require a separate permit and engineered drawings for the awning itself);
 - Signs painted on walls;
 - Sign panel changes for existing, previously permitted or legally existing signs (face change).
 - Scaled and dimensioned drawings/plans detailing sign copy area, square footage, design criteria, construction materials/specifications, method of attachment and confirming the construction meets minimum wind speed design.
 - Site plan, clearly dimensioned with sight visibility triangle, indicating the exact location of all sign(s) and setbacks of any new ground signs.
2. **GROUND SIGNS:** In addition to the plan requirements above, ground sign drawings must include:
 - Dimensions/square footage of the sign copy area, dimensions/square footage of the supporting structure, height of the sign.
 - Engineering indicating wind load calculations to meet Florida Building Code requirements, and complete footing details and attachments.
3. **BUILDING MOUNTED SIGNS:** In addition to the plan requirements above, building sign drawings must include:
 - Building elevation showing location of the sign on the wall, awning, etc.
4. **LIGHTED SIGNS:**
 - Approval number from a listed agency.
 - Electrical detail to include panel number and circuit number, conductors, raceway, breaker, disconnect.
 - Separate electric permit required for new electrical installations and neon signs; neon signs will require transformer specifications.

Sign Sample Drawings

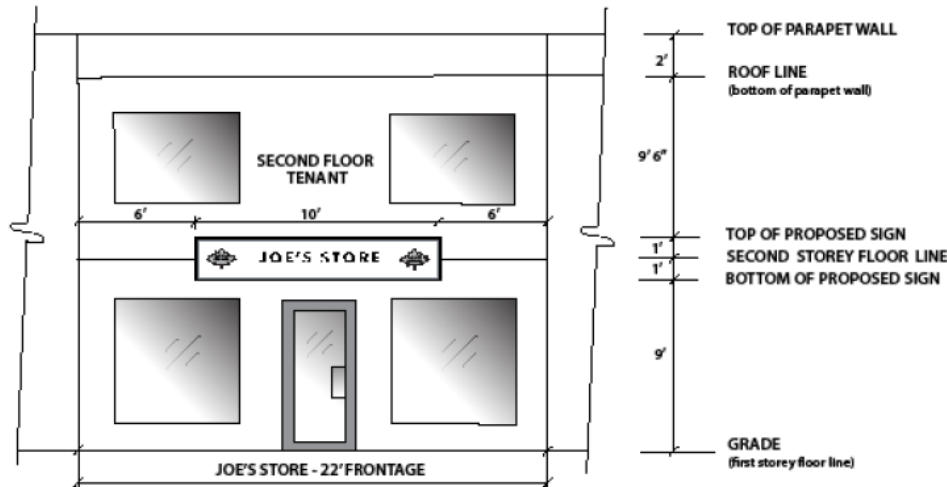

Sign Material: 0.25-inch thick vinyl panel (2 foot x 10 foot)
 Projection from wall: 0.25 inches; sign will be flush mounted to wall
 Method of attachment: attached with XX (number) XX (type of bolts/tap-cons, etc.) spaced at XXX inches on center
 Sign will meet wind load requirements of the Florida Building Code
